EXPERIENCE

MEBISOFT Company Nov 2025-Mar 2026

Front-End Developer Intern

- Built responsive UI components using React, Next.js, and Ant Design
- Implemented business logic for internal systems and CMS platforms
- Optimized performance by improving component rendering and state management
- Collaborated with designers via Figma and worked in Agile/Scrum
- Integrated and tested RESTful APIs for frontend features

Freelancer (Chat bot) Sep 2025-Oct 2025

FullStack Developer

- Developed two separate UIs: an admin dashboard for file/folder management and a chatbot interface for AI interaction
- Integrated OCR APIs to extract text from documents (Word, Excel, PPTX)
- Processed and transformed extracted content into structured text for database storage

PROJECTS

Website warehouse management project Feb 2025 -Mar 2025

Front-end Developer

- Designed and implemented UI/UX for the entire warehouse management interface using ReactJS.
- Integrated RESTful APIs to perform full CRUD operations and synchronize data with the backend.

Website game Mar 2025 -Apr 2025

Front-end Developer

- Optimize UI/UX for multiple devices and display performance.
- Integrate APIs and data from the backend.
